

**A LAYERED ABSORBENT STRUCTURE FOR NEUTRALIZING ODOUR AND
ABSORBING LIQUID IN INANIMATE PLACES AND A METHOD OF CONTAINMENT
OF ODOUR AND LIQUID IN INANIMATE PLACES USING THE SAME**

ABSTRACT OF THE DISCLOSURE

A method of containment of odor and liquid in an inanimate place is disclosed by disposing in said place, a disposable absorbent structure in the form of sheet, this absorbent structure comprising an odor control means and having a water absorption capacity of at least 0.06 grams per square cm. This method is particularly suitable for kitchen applications like the control of liquid and odor in refrigerators. Suitable layered absorbent structures for use in inanimate places are also disclosed.
